

environmentalism since 1945 the pdf

The history of Australia since 1945 has seen long periods of economic prosperity and the introduction of an expanded and multi-ethnic immigration program, which has coincided with moves away from Britain in political, social and cultural terms and towards increasing engagement with the United States and Asia.

History of Australia since 1945 - Wikipedia

The environmental movement (sometimes referred to as the ecology movement), also including conservation and green politics, is a diverse scientific, social, and political movement for addressing environmental issues.

Environmental movement - Wikipedia
