

evaluation and decision models pdf

Logic Models are a popular tool that can be used to help conceptualize your change effort. It does this by inviting the author(s) to articulate their understanding of the current situation, the changes they hope to bring about through their program effort, with and/or for whom, the activities planned to contribute toward this change, the resources ...

Logic Models – Program Development and Evaluation

A decision method is a formal system, starting with a decision model, that contains at least one action axiom. An action is of the form "IF <this> is true, THEN do <that>".
