Description. A study of written and oral business communication to develop process and theory skills

Description. A study of written and oral business communication to develop process and theory skills

Description. A study of written and oral business communication to develop process and theory skills

including writing, speaking, listening, business meetings, teamwork, presentations, and cross-cultural communication.

UWG | Courses & Syllabi - University of West Georgia

This paper provides quantitative data that, in many cases, open source software / free software is equal to or superior to their proprietary competition. The paper examines market share, reliability, performance, scalability, scaleability, security, and total cost of ownership; it also comments on non-quantitative issues and unnecessary fears.
