management; and palliative home care services including pain and symptom relief, case management, professional services, medication management, and counseling when needed. Moving forward, concrete actions to improve integration and continuity of care include establishing

Canadian Standards of Practice for Case Management

Nursing Case Management (NCM) was, when this study began, the only case management journal specifically targeted for professional nurse case managers. The title change to Lippincott's Case Management in 2000 reflects the multidisciplinary nature of case management practice, while the published articles still primarily reflect nursing practice.
