I completely agree that Natural and Artificial are, pardon me, artificial distinctions. If you study even one chemistry class (assuming the professor isn't fed up with teaching and wants to teach you all the millions of cool things s/he knows), you will know that chemicals are 100% of everything all around, including 100% of you.

One of the most obvious perceived contradictions between Torah and science is the age of the universe. Is it billions of years old, like scientific data, or is it thousands of years, like Biblical data?

How old is the world? What is the age of the universe?

Home > Mol biol or Internet resources > Mol biol Internet resources | Contact. Molecular Biology (X107A) Internet resources This page was originally developed to provide supplementary materials for an upper division college level course in molecular biology, mainly for the first semester.
