Healthy marine species like whales, sea turtles, coral, and salmon are important for maintaining balanced and thriving ocean ecosystems. We work to prevent marine species populations from decline and extinction, protect them from human activities, and monitor activities that might impact them so they are around for future generations.

"May you live in interesting times" is an English expression purported to be a translation of a traditional Chinese curse. While seemingly a blessing, the expression is normally used ironically, with the clear implication that "uninteresting times" of peace and tranquillity are more life-enhancing than interesting ones, which, from a historical ...
