Definitions. Social theory by definition is used to make distinctions and generalizations among different types of societies, and to analyze modernity as it has emerged in the past few centuries.

Social theory - Wikipedia

In psychology, trait theory (also called dispositional theory) is an approach to the study of human personality. Trait theorists are primarily interested in the measurement of traits, which can be defined as habitual patterns of behavior, thought, and emotion. According to this perspective, traits are aspects of personality that are relatively ...
